

## Sports Program

### Background

KTCEA supports and encourages participation of students in sporting activities within the school and in sporting competitions with other schools regionally, nationally, or internationally. School sport strengthens the education of students and school athletics and are an extension of the classroom. Sports programs teach life lessons and values such as citizenship, sportsmanship, teamwork, hard work and healthy lifestyles.

The emphasis on athletics in schools should be to empower students with the necessary skills that will allow them to be productive citizens.

### Guidelines

KTCEA is committed to ensuring that we provide high quality sports programs.
